Dr

Memo.

Letter no: 1648 dated 22nd October 1878, from the President, Cantt: Mc: Comm^r Bangalore.

On the 20th June 1878, M^r Harrison, the Sanitary Inspector of the Bangalore Cantt: Municipality, reported to the Mc President that he found in no 12 Cubbon Road, no outlets in the Compound ~~to~~ to let the storm water flow off, & that the only place it had to run into, was 3 wells one on the east, & two on the west, which was objectionable; and he suggested that drains might be constructed to run through the back Compound which belonged to one Subbarao, and

that

that the ml: Ex. Engineer might be ordered to inspect the premises and to see where drains might be opened to carry off storm water.

2. The foregoing report of the Sanitary Inspector was referred ⊕ by the President to the ml. Ex. Engineer, who stated ⊖ that the drainage of premises no 12 must be carried through premises no 13 along its west wall, and then into the public drain on Infantry Road.

⊕ with docket no $\frac{53}{604}$ dt 20/6/14

⊖ vide extract from his report 14/7/14.

3. The owner of premises no: 12, Cubbon Road was then requested ⁂ to arrange for the construction of a drain from that premises for the conveyance of the storm

⁂ in docket no. 845 dt 22/7/14.

Storm water from her compound to the public drain through premises no: 13, as shewn in the plan now Submitted to this Office.

4. Mooneammah, the owner of premises no: 12, then represented to the President that Mrs. Wuckler, the owner of premises no: 13, at first agreed to the proposal to construct the drain, and Suggested its commencement without entailing any expense on her, but that when the materials for the purpose were purchased and the labourers taken to commence the work, she (Mrs. Wm. Wuckler) prevented the work being done. Mooneammah therefore requested the President to

o vide Petn Dy 5/8/78.

to issue necessary
orders to ~~Messrs~~ Mrs Winckler
not to prevent the
work from being
carried out.

5. The above representation of Mooramanah was forwarded by the President of Mt Commrs to the owner of premises no: 13, for explanation. In reply ~~Messrs~~ Mrs Winckler said* that she objected to any drain being made to allow water to be carried through her compound. On her behalf Mr W. P. Franciscus, Advocate & Pleader, informed the President that there was no foundation in the statement that Mrs. Winckler had allowed a drain to be constructed from Mooramanah's house to

* On 3rd August 1878.

In letter dated 6/9/78.

to the public drain through her Compound (his clients') and that the latter saw no reason to grant Mooneammah permission to do so.

6. The President then caused a notice to be served on Mrs: Wickler calling upon her under the provisions of Sections 114 & 140 of Bangalore Mc. Regulations of 1871, either to construct within 14 days from the date of the notice, a covered drain through her compound for the purpose of conveying the water from Mooneammah's Compound or to intimate to the Mc Board Office her willingness to permit a drain being made through her Compound at Mooneammah's expense, and informing her

+ No. 1260 of 11/9/78.

her that in default application would be made to the Chief Commr for permission to enforce the provisions of the Regulations above quoted.

7. In reply Mrs. Winckler stated that ⊛ it was rather hard that she should be called upon to permit the construction through her compound of a drain which was not needed for 26 years and that it was therefore, her intention one month ~~from that~~ thence, to take such legal steps as she might be advised, in respect of the said notice This intimation she said, was given to the President under Section 238 of the Bengal M.C. Regulations

⊛ In her letter dated 13/9

8. Meenakumari in

her

her letter to the President
dt 13th Sept.r last, complained
that through the late
rains, 2 Godowns attached
to her house no: 12. in
question, fell down,
while the well in its
compound sank down,
and that there being
no way for the water
to run out of the
compound, it was
very probable that
the whole Bungalow
might be raised to
the ground. She
therefore requested
Govt. to inspect the
same & issue orders
for the preservation
of his house, and to
grant him a reply to
his application regard-
ing the construction
of a drain through the
compound of house no: 13.

9. In submitting the
foregoing correspondence,
the President remarks
that, from a personal
inspection

@ In his letter no: 1648/07
22/10/1878.

inspection of the building he is satisfied that the proposed drain is absolutely necessary for the avoidance of the risk of disease to the inhabitants of the neighbouring houses, and that Mrs. Winckler, to whom a notice was served under Sections 174 & 140 of the Mal Regns has declined to permit the construction of the drain in her premises. Under these circumstances he now solicits the Th. Comm^rs Sanction to the construction of the drain by the Municipality as sanitary grounds, the cost being recovered from Meenakumaki who is prepared to bear the charge.

10. If, in pursuance of the notice referred to in para 7, an action has or is about to be filed after the

Mum J., I think it w
will be await its result.

1. It would be a
nuisance to me Wuelker
to carry a drain thro'
her premises for the
benefit of her neighbour.

2. Judging from the
plan submitted I think
it may be practicable
for Mrs Oneamunah to
have a drain constructed
towards the entrance
of her house. Please
see the line I have
drawn in pencil marks.

E. T. R. Thumboo

of ~~[illegible]~~ the purpose
drain to Mrs Wuelker
property. Chas D. M.
29/10

11. In accordance with the foregoing orders, the letter from Dy. Ors. No 1648. of 22nd. October 1878 was forwarded with its encls: in original to the Chief Engineer of Mysore, who was requested to favor the Chief Commr. with his opinion, or with that of any ~~other~~ Officer whom he might depute for the purpose, as to the necessity of constructing the proposed drain through Mrs. Winckler's property.

Ref Memo No. 48. of 28-10-78.

× With this office No. 2321 of 31/10/78 encl. 188

12. In reply, the Chief Engineer ~~reports, that~~ having inspected the premises no: 12 Cubbon Road, reports that the natural drainage from No: 12 (see plan "Meoonamnah's property" is through ds 12 "Coopoo Sawmy Chetty's property" and not through the

× No. 2788 of 1/11/78

Comm... D

compound of No. 13.
" Mrs Wrickler's property,
& that the proposal to
take the drainage
through Mrs Wrickler's
property has been
made owing apparently
to there being a few
walls in the way.
The Ch: Engr observes
that Carrying the
drain under these
walls would only
entail a very slight
additional expense,
if any, if the line
marked by him in
red be followed,
and as the proper
exit from the drainage
is through Coopoosawmy
Chetty's property and
not through Mrs
Wrickler's property, he
not see why the
ler individual
uld be troubled
of

or annoyed about the matter.

13 May Copy of Chief Engr's letter herein & D. on returning the Encs of this letter No 1648 of 22 Oct/78.

C.P. Thumboo Esq

4/11/78

Encs

1/ The President Municipal Commission to whom a Copy of the Chief Engineer's letter was communicated, now submits two letters (in original) dated 19th & 26th November ~~ultimo~~ 1878 respectively - in the first of which Coolpoo Sanny Chetty states that his bungalow has been more than 50 or 60 years in existence, and during the said period, water from Noorenanah's premises never

No 1975 of 29/11/78

land. As act
proposed would depreciate
the value of his property
and would create an
easement in favor of
Mooneamalis land, he
is unwilling to execute
or permit the execution
of the proposed act. It
seems to him that a
drain might be constructed
to carry the water from
Mooneamalis premises to
the drains running along
the public roads, without
passing through any
neighbouring property belong
-ing to private individuals
although the construction
of such drain would
perhaps cost Mooneamah
a little more than would
be required for the execution

of the proposed drain-
Coopoosamy Chetty also
submits that the Munici-
cipality should not try
to serve one party at the
expense or to the disadvan
tage of another, and that
no such proposal as the
one in question should be
made unless it is quite
convinced that the same
is called for for the benefit
of the public and that
no other course is open
for the attainment of its
object. If due attention
had been paid to
Moorcamah's house from
time to time and the
same kept in proper repair,
it would not perhaps
present the dilapidated
condition it does. Coopoo
samy Chetty adds that

In re Moorcamah 53.
of 4-11-78.

she has to blame herself
in neglecting to take
the necessary measures in
time, if she now finds her
house in any thing but a
good condition and that
her neighbours should not
be called upon to suffer
for a condition of things
arising from her own careless
= ness and negligence.

15. Corresponding thereby
was in reply informed
that the construction of the
drain through Petitioners
Compound was sanctioned
by the highest authority
and that the provision of the
notice served on him
must be strictly attended
to. He was also furnished
with an Extract from the

This is incorrect.
No such sanction
was accorded.
Merely a copy of
the D/E Chief Engrs.
letter No 2788 of
1st Dec/78 was
forwarded to the
President. His letter
was further discus-
-sed in council
and Mr Johnson's
suspension, brought

(Illegible) letter No 2788 of 1/12/78.

his second letter of 26th
November 1898 to the Resident
Coopoosamy Chetty states that it is
his added intention, one
month hence, to take such
legal steps against the
Municipality as he may
be advised in respect of
the said orders and that
this notice is given under
section 238 of the Bangalore
Municipal Regulations
6 The Resident requests
that as Coopoosamy Chetty
takes objection to the
construction of the drain
in question through his
premises under the provisions
of Section 117 of the Bangalore
Municipal Regulations of 1897,
the Municipality may be
authorized to carry out

Then copies of papers to decide on the course to be pursued ~~by the Committee~~ as the Municipal Committee have been considering a letter to a Meeting of the Committee, & the enclosing of a Captain Levy's Report by 2/15 Jan.

18. The foregoing Orders were communicated to the President, Cantt. Mnl. Commrs. in this Office Nos. 2705 & 2733 dd 8th Dec. 18/18.

In reply, Dr. Att. Submits an extract from the Proceedings of the Cantt. Mnl. Board dated 21 ultimo, in which the Mnl. Commrs. state that they consider that an improved means of drainage for the premises belonging to Messrs Abbott & Co. is absolutely necessary; but they are of opinion that the drain should be constructed at

Vide Letter No. 2311 dd 16th January 1879.
+ Together with the file of correspondence in original on the subject.

originally proposed through Mrs. Winckler's compound as being more convenient and less likely to cause annoyance to the tenants of the adjoining premises. The President now solicits early sanction to the proposed measures.

19. The opinion of the Board now asked is opposed to that of the Chief Engineer. The Board assign no reasons for differing from the views taken by Col Johnson.

Submitted for orders. Please see my note in para 14 of this Min.

Chas Thornton C.E.
17/1/79.

under Sect 17 of the Thames Act. In lieu of this Clause is agreed that measures decided upon by the Board, and as the Board are in favor of carrying a covered drain through Winckler's compound at the expense of Government (see paras 4 & 5 of this Min.) I think they might be executed & done so.

18/1 H

The Municipal President and Commrs.

to be mistaken in supposing that S 117 of the Municipal Regulations is applicable to this case. The Section in question authorizes Proceedings only against the owners or occupiers of the premises which are in want of drainage, and not against the owners of adjoining lands.

The interest involved in this case is moreover rather of an individual than of a public character.

S. 140 is likewise not applicable to the case. It relates to public sewers or drains.

The case would seem to fall rather under S 145, and if the drain required to be constructed, has to be taken over lands other than those of the owner of the building, the same must be purchased or acquired under S.S. 97 & 98. This may probably involve the purchase of all the adjoining property through a portion of which the drain is proposed to be carried.

The Municipal Board is requested to take this matter into consideration, and to determine whether the owner of the property, Municipality, or the Board are prepared to undergo all the Expenses likely to be involved in such purchase.

The case may not after all be of so pressing a nature, if, as stated by Mr. Winckler, Municipality has got on without this drainage for the last 26 years. Further it may be possible to carry the water, as suggested by Kuperasami Chetti, by cutting through Municipality own property, through this may not be the most natural or convenient line of drainage, & tho' it may therefore involve greater Expense in Construction. But such Expenses would be nothing as

Compared with that involved in the purchase of adjoining property.

These papers do not show how the drainage of other houses, situated like that of Munn Annai is now provided for.

In any case Munn Annai must cannot acquire an easement over other lands which her property has not heretofore enjoyed without paying for it

Letter No 2311 dated 16th Jany 1879. From the President Cantt ml Commrs submitting an extract from the Board's Proc: of the 21st Decr last, representing that the Commrs consider that an improved means of drainage for the premises No 12, Lisbon Road, belonging to one Mooneammah is absolutely necessary and soliciting sanction for the construction of a drain for the same through Mrs Winckler's premises. Mrs Winckler's Compound as originally proposed, as being more convenient and less likely to cause annoyance to the tenants of the adjoining premises.

Vol 3220 f 31/1/79
ml 286

Order thereon

The Chief Commissioner observes that the Mean President and Commissioners appear to be mistaken in supposing that Section 117 of the Municipal Regulations is applicable to the present case. The Section in question only authorizes proceedings against the owners or occupiers of the premises which are in want of drainage and not against the owners of adjoining lands. The interests

involved in this case is, moreover, rather of an individual than of a public character.

2. ~~The~~ Section 140 of the Regulations is likewise not applicable to the case in question, as it relates to public sewers or drains. The case ~~was~~, ~~the opinion of Mr. Godwin would~~ ~~seem to~~ fall ~~under~~ rather under Section 145, and if the drain required to be constructed has to be taken over lands other than those of the owner of the building the same shall be purchased or required under Sections and 98. This may probably involve the purchase all the adjoining property through a portion of which the drain is proposed to be carried. The Municipal Board requested to take this matter into consideration to determine whether the owner of the property, Mesonianmah, or the Board, are prepared to undergo all the

Expenses

Expenses nearly
involved in such purch

3 ~~Mr. Gordon says that~~
~~remarks that~~ The case
may not after all be
so pressing a matter,
as stated by Mrs. Mackie
Meenlaanmah has got on
without this drainage
the last 26 years; ~~that~~
~~wells~~ it may be possible to
carry ~~off~~ the water,
suggested by Rupusamy
Chettie, by cutting thro
Meenlaanmah's own proper
though this may not be
the most natural or
convenient line of drain
and though it may,
therefore, involve greater
Expense in Construction
But such Expenses would
be nothing as compared
with that involved in
the purchase of adjoining
property.

4. The papers now sent
do not shew how the
drainage of other houses
